

§ 75.109

(3) *Absolute preference.* The Secretary may give an absolute preference to applications that meet a priority. The Secretary establishes a separate competition for applications that meet the priority and reserves all or part of a program's funds solely for that competition. The Secretary may adjust the amount reserved for the priority after determining the number of high quality applications received.

§ 75.110 Information regarding performance measurement.

(a) The Secretary may establish in an application notice for a competition one or more performance measurement requirements, including requirements for performance measures, baseline data, or performance targets, and a requirement that applicants propose in their applications one or more of their own performance measures, baseline data, or performance targets.

(b) If an application notice requires applicants to propose project-specific performance measures, baseline data, or performance targets, the application must include the following, as required by the application notice:

34 CFR Subtitle A (7-1-15 Edition)

(1) *Performance measures.* How each proposed performance measure would accurately measure the performance of the project and how the proposed performance measure would be consistent with the performance measures established for the program funding the competition.

(2) *Baseline data.* (i) Why each proposed baseline is valid; or

(ii) If the applicant has determined that there are no established baseline data for a particular performance measure, an explanation of why there is no established baseline and of how and when, during the project period, the applicant would establish a valid baseline for the performance measure.

(3) *Performance targets.* Why each proposed performance target is ambitious yet achievable compared to the baseline for the performance measure and when, during the project period, the applicant would meet the performance target(s).

(c) If the application notice establishes performance measurement requirements, the applicant must also describe in the application—

(1)(i) The data collection and reporting methods the applicant would use and why those methods are likely to yield reliable, valid, and meaningful performance data; and

(ii) If the Secretary requires applicants to collect data after the substantive work of a project is complete regarding the attainment of certain performance targets, the data collection and reporting methods the applicant would use during the post-performance period and why those methods are likely to yield reliable, valid, and meaningful performance data.

(2) The applicant's capacity to collect and report reliable, valid, and meaningful performance data, as evidenced by high-quality data collection, analysis, and reporting in other projects or research.
